_____SCHOOL DISTRICT CONCURRENT ENROLLMENT CHECKLIST

STUDENTS MUST HAVE APPROVAL FOR CONCURRENT ENROLLMENT COURSES PRIOR TO ENROLLING AND WITHDRAWAL!!!
Students must have a cumulative GPA of 3.0 or higher (Some CTE courses are subject to administrative approval if the GPA is less than 3.0).
Students are able to enroll in Concurrent Enrollment courses following their 10 th grade year of high school.
Students enrolling in concurrent enrollment must:
Students NOT completing the concurrent application process will not receive college credit or additional high school credit that a concurrent class may be eligible for.
Students enrolled in concurrent enrollment courses DO NOT pay tuition up through the first 30 credit hours per school year.
Once students graduate, they are no longer eligible for Concurrent Enrollment.
Students enrolling in concurrent enrollment must realize these are college-level courses. Students wishing to take the classes must be fully aware of the difficulty of the material, the fast pace of the classes, and the additional time required outside of class.
A placement test or ACT scores may be required for English and Math courses (see institution for requirements). Concurrent Enrollment Grades are permanent on the high school and college transcript.
Colleges and Universities have strict guidelines that the students are expected to follow. Please refer to the college/university handbook.
Students who receive a "D" or "F" grade in a concurrent enrollment course will not be approved for additional enrollment in concurrent courses.
Students who have a school district IEP or 504 accommodation will need to go to the college disability services for accommodations for college courses (must be college specific).
Students enrolled in concurrent courses need to be self-disciplined in their behavior management as this is a college course and many are taught through IVC/Ednet and finish before the end of the semester. Students enrolled in concurrent courses completed before the end of the School District's semester shall be released to the parent's responsibility.
Colleges do not accept any late forms, meeting the deadline is the first college test a student <u>MUST</u> pass.
I understand that the teaching methodology and content of this course(s) is designed for college students. Discussions, lectures and research may contain subject matter and language that is <i>on a more mature level than public education standards</i> . The content may include controversial cultural, political, religious, aesthetic and human sexuality issues.
I am responsible to obtain and fill out appropriate drop forms with my high school in the event that I choose to officially drop or withdraw from any of the courses for which I am registered. I understand

	that I will not be allowed to drop the course after the 10 th day from wh to properly withdraw from a college course will result in a failing grade.			
	Enrolling in a concurrent enrollment course is a one-time opportunity. In order to repeat a college course, I am responsible for tuition and fees and must enroll in an on-campus section.			
	I understand that college-level grading standards will be used, and I will comply with the standards set forth in the course syllabus. I also understand that the grade(s) I receive for courses will become a permanent record on my college transcript, regardless of the results. The final grade that appears on my high school transcript must be identical to the final grade that appears on the college transcript. If a course is offered over two trimesters, the grade at the end of the first trimester will be considered by the university to be an interim grade; the grade at the end of the second trimester will have to match the grade on the college transcript.			
I have read and accept the conditions outlined above for enrolling in concurrent enrollment courses, and I agree to conduct myself accordingly.				
Studer	nt Signature:	Date:		
I have read and understand the information above and give permission for my student to enroll in concurrent enrollment courses, and accept the conditions outlined.
